

EVERYTHING YOU NEED FOR COMFORT AND CONTROL

COMFORT

VISIBILITY

EASY TO USE

EASY TO MAINTAIN

▶ Built-in cooling and heating system

▶ Base platform for easy transport

▶ Plug access protected from dust and dirt

▶ Glass protection bars

The **tower crane cabin** is designed to maximize the comfort of the operator; new ergonomics and cabin ambience are created to reduce fatigue and help with jobsite productivity.

Built-in heating and cooling maintains consistent cabin temperature, regardless if operating in winter temperatures or the heat of summer.

Extreme visibility thanks to a wide glass surface; replaceable from inside the cabin.

- General cabin lights: Illuminates the cab interior when there is no ambient light available.
- Stereo audio speaker.

Display & control system: expanded configuration options to meet different jobsite needs. Quick set-up, Terex Power Plus, Power match and auto-leveling are functions to enhance your daily work.

- Electronic ergonomic joystick controls provide smooth machine control and additional function switches are at fingers reach to enable multi-functioning.
- Easy to remove plate in case of maintenance.

Adjustable seat: find your best position and feel comfortable. It features seat heating switch: for your comfort on a cold day and lumbar seat adjustment.
